CODE ENDS PISTOL BATTLE

Prisoner Escapes Only to Seek Death.

Separate Fight in Street Helena and Unex- pected Happens.

Tool's Cellar Scene of Tragic Climax of Pursued Crimi- nal's Career.

HELENA, Mont., Aug. 11.—Isaac Gravelle, on trial for robbing a powder mill near Helena last September of powder which was used in wrecking the Lewis and Clarke county jail, after being fatally shot by Deputy Sheriff Tony Korteck, Deputy Sheriff, who was armed, Gravelle, after being in an alley beside the residence of Gov. Joseph K. Toole, where he had taken place. After an exchange of shots Gravelle ran into the front of the Governor's house, where he was shot and killed himself. He was wounded by bullets from the hands of his pursuers.

Escaped Drew a Revolver.

Gravelle took place at 2 o'clock in the morning. He was about to lead from the jail to the courtroom in the county jail across the street. Deputy Sheriff Tony Korteck and Jailer Jones were on duty when the former led Gravelle out of the cell room.

Gravelle pulled a revolver and pointed it toward his pursuers. He fired twice at him, both bullets taking effect. One struck his breast a few inches from his heart. Jones was not hurt and threw up his hands.

Gravelle then ran to open the door of the jail, which he did. He walked deliberately out of the jail to the street corner thirty feet from the jail. He then turned and ran toward the street. He was pursued by a posse of men. He then ran one block east, where he tried to mount a horse. He was shot and killed.

Gravelle was convicted five months ago for robbing a powder mill. He was sentenced to ten years in the penitentiary. He was a desperado and dangerous.

Printers Allow Owners to Work

Foremen Declared Ineligible as Delegates or Alternates to Conventions.

ST. LOUIS, Aug. 11.—The International Typographical union today selected Toronto, Can., as the place at which to hold the next annual convention.

The committee reported unfavorably on a proposition submitted which provided that subordinate unions shall not allow proprietors to work at the trade and also prohibit any member to assist in any work being performed by proprietors. This precipitated a heated discussion.

The present law provides that subordinate unions may exercise discretion in granting the privilege of working to proprietors. After the subject was thoroughly discussed, the convention, by a close vote, decided to reject the proposition by sustaining the report of the committee on laws.

The committee on laws reported unfavorably on a proposition submitted to declare foremen ineligible as delegates or alternates to a convention.

Further consideration of the report of the committee on laws was temporarily postponed, and the convention adjourned on the next annual meeting place. There were only two cities in the field for this year's meeting, St. Louis and Toronto.

The following proposition was introduced and referred to the committee on laws: "Resolved, That it is the sense of the International Typographical union that no member shall be eligible to be a delegate or alternate to any convention of the union and no member shall be eligible to be a delegate or alternate to any convention of any other organization, social, political or religious, secular or otherwise, if he is not intended to do so, and does not conflict with or restrict any member's allegiance to the church of his choice. It is recognized by this body that the efforts of the church and the efforts of the true labor union do not conflict, but are collaborative.

Members of the union have the amount of money allowed for the burial expenses of deceased members increased from \$50 to \$100. This was adopted by a vote of 157 to 64.

BATTLE WITH DEPORTERS.

Opened Fire on Them and They Were Compelled to Retire.

CRIPPLE CREEK, Colo., Aug. 11.—A committee of five men went to the home of George Sheidt last night for the purpose of deporting him. After the man had gained entrance to the house Sheidt began shooting at them. The fire was returned by one of the members of the party and a dozen shots were exchanged. No one was wounded. The would-be deporters finally retired.

Officers made a search for the five men, but failed to locate them. They took Sheidt to the city jail, where he will be held for protection.

The Rev. T. S. Leland, pastor of the Methodist Episcopal church of Victor, Colo., has been taking a course in the troubles in the district, which has been ordered out of camp. He has notified his friends and officers of the law who have rallied to his support. His house is being guarded by a number of armed men.

PACKERS MUST SATISFY UNIONS

Donnelly Says Fight Has Only Begun.

Conference of Allied Trades Must Approve Any Terms Offered.

Does Not Think That Employers Will Agree to Demands That Have Been Made.

CHICAGO, Aug. 11.—President Michael Donnelly of the Butchers' union today said he had little faith in the retailers' negotiations to settle the packing-house strike.

"It looks to me as if this is only the beginning of the fight," he said. "I will not stand now for the first agreement. The matter is now beyond me. The allied trades' conference board will have to approve any terms offered. I do not think the packers will agree to terms that I would insist upon now, and of course the strike cannot be settled unless terms are satisfactory to all the unions in the allied trades."

Shippers Are Worried.

Not in a long time has there been so much apprehension of loss among shippers and commission men as there was in the yards today. The live stock receipts today consisted of 6000 cattle, 25,000 hogs and 2000 sheep and to this was added more than half of yesterday's receipts. There was little buying yesterday and less today, and as a result prices fell lower. This was largely due to the shutting down of big Eastern plants which bought heavily in this market.

Ethelbert Stewart, representing the United States Department of Commerce and Labor, visited President Donnelly today and had a conference with the strike leader. Mr. Stewart has been in the city several days studying the strike situation in conjunction with United States Special Agent E. A. Carroll, during the life of Senator Hanna. Mr. Stewart was active in the interest of the National Civic Federation. This fact gave rise to a theory that the federation is becoming interested in the stock yards situation.

Strike Is Averted.

At the Dissel plant of the American Can company it was declared today that the management had agreed not to furnish any cans to the packers. By this means the calling of a strike at the plant will be averted. A strike of the can workers' union is called in the city several days studying the strike situation in conjunction with United States Special Agent E. A. Carroll, during the life of Senator Hanna. Mr. Stewart was active in the interest of the National Civic Federation. This fact gave rise to a theory that the federation is becoming interested in the stock yards situation.

The officials of the company say that they have a large number of orders from the big packers and that a great part of the goods is ready for delivery.

Small Boy Kidnaped.

Rich Italian Contractor's Son Victim of Gang of Sicilians.

NEW YORK, Aug. 11.—Antonio Mannino, aged 9, the only child of a rich Italian contractor living in Brooklyn, was kidnaped yesterday by a gang of Sicilians, who are holding him for ransom.

Angelo Cuccozza, 16 years old, who is said to have done the actual work of kidnapping the boy, is under arrest. After much questioning, he has admitted decoying the child to New York on the pretext of acting as an interpreter. He said they were met by some men, and ordered to board a street car. They rode to a tenement house, where he decamped his pay. The men kicked him out and kept Antonio.

Cuccozza, who worked for the Manninos a short time, said he could find the tenement, and accompanied by several policemen, he walked all over the lower end of Manhattan. Finally he picked out the building, but no such person as he described was to be found within, and evidently the lad had never seen the building before. He has told the police a number of similar tales, none of which afforded a clue to the missing child.

A letter, scrawled in crude Italian, has reached Peter Mannino warning him to keep away from the police and stating that his son is all right.

Scores of Italian business men in Manhattan and Brooklyn have recently been receiving threatening letters and demands for large sums. Apparently the missives emanate from an organized band of blackmailers, who have thus far escaped detection.

Closed in Honor of Dead Senator.

ST. LOUIS, Mo., Aug. 11.—All the municipal offices were closed for two hours today and the flags on city institutions were placed at half mast during the funeral of former Senator George G. Vest, who died Monday at Sweet Springs, Mo., and whose remains were laid to rest in Bellefontaine cemetery in this city.

Negro Murderer to Hang.

JOHNSTOWN, Pa., Aug. 11.—"Willie" Munger, or Frank Davis, will be hanged at Ebensburg this afternoon for the murder of Laura Taylor, his paramour, on August 13, 1903. Both were colored. A number of years ago he murdered a woman with whom he was living in Jacksonville, Fla.

Bodies Swallowed by the Quicksand

Missing Victims of the Awful Wreck at Eden Will Never Be Recovered.

PUEBLO, Colo., Aug. 11.—Developments indicate that the bodies of the missing victims have been sucked into the quicksand and will never be recovered.

It was shown by the hoisting of the wrecked engine that an immense deposit of quicksand lay under the pier of the wrecked bridge, and it is also believed that the bodies of the missing victims are reported missing, who has undoubtedly carried bodies deep down in the sand, entirely out of sight, where they can never be recovered.

Further investigation reveals the fact that quicksand exists everywhere along the river and this is likely to explain the failure to find a number of bodies. Careful revision of the lists of dead and missing confirms the original estimate that not less than 100 lives were lost in the flood which wrecked the Missouri Pacific fast train on the Denver & Rio Grande railroad near Eden Sunday night. Seventy-nine bodies have been recovered, nineteen passengers on the wrecked train are missing, and ten other persons are reported missing, who are positively known to have been on the train.

One corpse is still classed as unidentified, though several persons have recognized it as Mrs. Jennie Sharpless, a well known woman of this city. Temperance Union worker of South Bend, Ind.

During the funerals of many Pueblo victims of the Eden disaster, which were held today all the large business houses were closed in honor of the occasion. Reading: "Because of the city's dead."

Not in the Eden Wreck.

SOUTH BEND, Ind., Aug. 11.—Mrs. Jennie Sharpless, who was supposed from description to have lost her life in the Pueblo, Colo., wreck, is safe at North Chyenne canon.

ENORMOUS TRANSCRIPT.

Nearly Two Million Words Submitted in Murder Case Appeal.

ST. LOUIS, Aug. 11.—A transcript, containing 1,684,300 words and costing the State for the work of the stenographers more than \$100, has been made of the evidence in the case of F. Seymour Barrington, alleged English lord, who was convicted at Clayton several months ago on a charge of murdering James P. McCann, the horseman, and sentenced to be hanged.

Before presentation to the Supreme court with the appeal, the transcript, which will have to be compared with the original, at an additional cost of \$100. This is the most expensive and extensive transcript ever gotten up in St. Louis county.

Work on Congressional Church.

VERNAL, Aug. 11.—Work has begun on the Congressional church building and it is expected that the edifice will be ready for occupancy about September 1. The building will cost not less than \$250,000 and will be the largest church building in the county. It will be erected on the site of the old church building.

Mr. and Mrs. David C. Eccles left this morning for St. Louis and New York, where they will be in charge of the home of the Northwestern University of Chicago.

Dr. Buchtel, assisted by Dr. Garrett, operated on the eye of a patient, Mrs. Alma Bassussen, an operation, commonly known in medical parlance as the "Caesarian" extraction, an operation commonly known as eye surgery, where the lives of both mother and child are preserved.

TO LOOK INTO INDIAN SERVICE

Schools of West to Be Inspected.

Civil Service Commissioner Cooley to Get in Touch With Employees.

Desires to Secure Highest Grade of Practical Men and Women for the Work.

WASHINGTON, D. C., Aug. 11.—Alfred W. Cooley, civil service commissioner, left Washington today for an extended trip through West and Southwest, having for his object the thorough study of employees of the Indian service in the classified service of the Government. Commissioner Cooley will visit all the more important Indian schools of the West to look into the personnel of various school employees appointed through the operation of civil service.

There are some 4000 persons employed in the Indian service outside of Washington who gain their positions through civil service examinations. Mr. Cooley's tour is not at all prompted by any hostile spirit to the administration of the Indian service, nor does it take upon itself the character of an investigation. He simply desires to get into closer touch with actual conditions among civil service employees of various reservations and schools in order to better understand just what form of questions should be formulated in order to secure best results from future prospective applicants for positions.

It is desired to secure highest grade possible of practical men and women for these various positions, and Mr. Cooley believes that he can, through personal visitation, gain much knowledge which will greatly assist the commission in future work and in framing questions. Commissioner Cooley will visit all leading schools in the Northwest and then take in those of Colorado, Wyoming, Utah and the border eastward through Indian Territory.

Ohio Man Seems to Have Made Business of Love and Marriage.

YOUNGSTOWN, O., Aug. 11.—Dr. A. W. Henry, under arrest here, is alleged to be many times a bigamist. He is the doctor from Pittsburg who came here and made love to Mrs. Nellie Butler.

The woman says she asked her for the money she had on the idea that he was in trouble, and got \$180 from her. Then, within a day or so, she informed Miss Bessie Roney of Meadville, Mrs. Butler had him arrested on the charge of obtaining money under false pretenses, and he was bound over to the Common Pleas court. His father was here, but refused to put in the bond.

Then there was an influx of women, who alleged he had been married to them before he was married to Miss Roney. One of them, Mrs. Hattie Henry, said she had been married to him, charging him with bigamy. She brought along a nine-year-old boy. At first he refused to recognize her. He protested, "Do you know that you will make me a peck of trouble if you stay around here?"

Then Mrs. Henry told her story to the attorney for Mrs. Butler. She said that she was married to him in Warren, O., April 4, 1894, and that he had told her he had been married to a girl then, which he had not. A divorce in Washington county, Pa. She alleges that just after leaving her four years ago he escaped from going to jail by marrying a girl in Newcastles. She says that in Greenburg, Pa. he spoke to one Will Connelly of marrying another girl, and to Will Henry of Kinsman, she says, he introduced another woman as his wife. She says that a Western girl was the first wife he had, and that she was the second. In all, she alleges that he has been married six times without getting a divorce. She says that if Henry has studied medicine he has done so since he left her. Henry is still in jail.

To Buy From Pacific Coast Dealers.

SAN FRANCISCO, Aug. 11.—The federal authorities have announced their intention to have all the clothing used by the officers and crews of the revenue cutter service on the Pacific coast manufactured and supplied by dealers on this coast. Bids are to be submitted to Lieut. G. C. Carmine, government purchasing officer, at the appraisers' building, San Francisco.

Suicide by Asphyxiation.

SAN FRANCISCO, Aug. 11.—E. Elson, who registered from New York, committed suicide by asphyxiation at the Grand hotel, and his dead body was discovered at noon today. The man arrived from the East on July 25. He is described as 39 years of age and apparently well-to-do. He had a card to the Bohemian club and asked the hotel clerk to have his mail sent there. An inquiry at the secretary's office of the club was barren of information.

Reunion of Philippine Veterans.

ST. LOUIS, Mo., Aug. 11.—A reunion of the Army of the Philippines began today on the Philippine reservation, at least 1000 members of the society from various parts of the United States being present. Gen. Charles King, the president, occupied the chair, and Albert E. Fout of St. Louis was secretary.

Detective Catches Alleged Embezzler

President of Reinger Lumber Company of Kansas City Said to Be \$43,200 Short.

SOUTH HAVEN, Mich., Aug. 11.—J. E. Reinger, formerly president and treasurer of the Reinger Lumber company of Kansas City, Mo., was arrested here today on a warrant charging him with the embezzlement of \$43,200 from the lumber company.

The arrest was made by Chief McGregor of the local police and a Kansas City detective who has been pursuing Reinger since July 27, when it is alleged, the embezzlement was discovered and Reinger fled.

Reinger, it is alleged, admitted the embezzlement when arrested and said that speculation on the Chicago board of trade was responsible for it. He refused to go to Kansas City without extradition papers and is in jail here awaiting the result of application for the necessary papers.

Reinger declared that no punishment could be inflicted upon him for his alleged embezzlement. He said that he was "the whole thing" in the Reinger Lumber company and that he acted upon the advice of his lawyers in taking the money that he is alleged to have embezzled and that he was on his way back to Kansas City when arrested.

Reinger made an effort to escape while the officers were taking him to jail and in the scuffle that ensued Detective John Hay, the Kansas City officer, was thrown and injured his knee.

Been Missing Two Weeks.

KANSAS CITY, Aug. 11.—J. E. Reinger is president of the Reinger Lumber company and has been missing about two weeks. The day after his disappearance application was made for a receiver for the company and B. R. Estill was appointed. Reinger came to Kansas City about a year ago from Escanaba, Mich., and organized the Misher-Reinger Lumber company, which was succeeded a few months later by the Reinger Lumber company, incorporated with J. E. Reinger as president.

Corbett Wants to Fight.

Has Issued Challenge for Any Kind of a Go With Fitzsimmons.

NEW YORK, Aug. 11.—Jim Corbett has issued a challenge to Bob Fitzsimmons. He is willing to meet the Cornishman at any place and under any conditions.

"Ever since that Carson City affair," said Corbett, "I have been trying to get him to give me another chance. He has ignored all my challenges, and I now issue a final one in the hope of getting a match before he retires from the ring or before he takes on somebody else."

"I am going to Europe next spring to fill some theatrical engagements, and would like to fight Fitzsimmons before I depart. He can name his own terms. I will agree to meet him on the coast in a twenty-round bout, but I do not object to a six-round bout in Chicago or Philadelphia."

"I will be ready to take on Fitz six weeks after my bout with O'Brien is decided. I am prepared to sign articles of agreement now."

ONLY FEW ACCIDENTS.

Nearly Half Automobiles Dropped on Tour From Boston to St. Louis.

ST. LOUIS, Aug. 11.—The automobile tour which started in the East and ended here, began on July 25, with 122 starters. Of this number sixty-three machines made the trip and fifty-nine fell by the wayside. The longest distance covered was between Boston and St. Louis, 2088 miles. The number of persons who made the trip, starting from various points, was 288. Comparatively few accidents are reported to have happened along the route.

JAP BOATS ENTER CHEFOO HARBOR

Tow Away Dismantled Russian Vessel.

Board Torpedo Boat Destroyer Ryeshitini Under Cover of Night.

During the Firing One of the Czar's Sailors Was Shot in the Leg.

CHEFOO, Aug. 12.—Two large Japanese torpedo destroyers which have been hovering outside the harbor, entered under the cover of darkness last night, showing no lights, and anchored a quarter of a mile from the Russian torpedo-boat destroyer Ryeshitini, which had been moved to a permanent anchorage. The Japanese officers said they would depart at daylight.

It is understood that the Chinese Admiral, discovered the presence of the Japanese torpedo-boat destroyers and presented the same demands to them that he had earlier given to the Russian destroyer Ryeshitini, namely, either to leave port or disarm. Darkness prevented a close inspection of the Japanese destroyers, but outwardly they appeared to be in good condition.

A Japanese officer who was talking over the side of one of the vessels with the correspondent of the Associated Press, was reprimanded by a superior and compelled to cease. This action is in striking contrast with the frankness of Capt. Shestakovsky of the Ryeshitini.

A boarding party from the two Japanese torpedo-boat destroyers which entered the harbor last night, boarded the dismantled Russian torpedo-boat destroyer Ryeshitini this morning at 3:20 o'clock. The Japanese discharged their small arms and during the firing a Russian was wounded in one of his legs. Daybreak showed a third Japanese destroyer towing the Ryeshitini out of the harbor and all disappeared. The Japanese Consul alleges that the Japanese ships were ignorant of the dismantling of the Ryeshitini.

An Associated Press representative informed the Japanese naval officers of the fact when he visited the two Japanese destroyers at 2:30 o'clock this morning.

The Russian protected cruisers Askold and Novik and one torpedo-boat destroyer entered Kiau Chau bay Thursday night and exchanged salutes with German vessels.

SEVERE NAVAL FIGHT.

Russian Fleet Driven from Port Arthur and Attacked by Japs.

TOKYO, Aug. 11.—Evidently driven to sea by the fire of the Japanese land batteries, the Russian fleet emerged from Port Arthur yesterday morning. Admiral Togo immediately closed in and opened a severe engagement which lasted until nightfall. The Japanese destroyers and torpedo flotillas delivered a series of attacks. The Japanese fleet withdrew during the night.

A guardship stationed off the harbor reported that she saw at dawn today the battleships Retvizan and Pobeda steaming toward the harbor of Port Arthur. Admiral Togo has not yet reported the results of yesterday's engagement. It is thought here that the Russians attempted to escape seaward, from a base which is no longer tenable, but that they again refused to attempt to force Admiral Togo's lines. Details are expected hourly.

TO PROTECT SQUADRON.

Siege of Port Arthur Supposed to Be Nearing Final Stage.

VLADIVOSTOK, Aug. 11.—Preparations are being completed here for the reception and protection of the Port Arthur squadron.

The departure of the squadron from Port Arthur is generally interpreted to indicate that the siege of the fortress is entering on its final stage, as the programme has repeatedly been announced by the Associated Press for the squadron to leave as soon as the situation at Port Arthur became desperate.

The preservation of the squadron is considered to be vital to Russia's future plans, and while it is acknowledged that its departure will greatly weaken the defensive power of the garrison, without the capture of the squadron the fall of the fortress would be robbed of much of its strategic importance. The smaller ships probably were left behind on account of their slow speed and inadequate fighting power, while the torpedo-boat destroyers would constitute a constant menace to the Japanese fleet outside.

Definite news of the result of the reported battle outside Port Arthur is awaited here with feverish
